March 15, 2020

Dear Students and Families,

With challenges always come opportunities. At Esperanza, we are using our school closure to explore the possibilities of remote learning. Here’s what you need to know:

**How can I/my student use the Chromebook?**
- A parent/guardian MUST sign the attached Technology Contract.
- Please screenshot and send to Ms. Hernandez-Skayne via Remind or Text

**What are the expectations?**
- You MUST spend time every week day on these things:
  - Journal entry
    - Go to English Google Classroom for the assignment
  - Math
    - Go to Math Google Classroom for the lesson and practice
    - Extra packet included in this folder
  - Reading
    - Go to English Google Classroom for the reading assigned
- You SHOULD also spend time on:
  - Reading responses
    - Go to English Google Classroom for assignments
  - Social Studies/Science combined work
    - Go to Social Studies Google Classroom for assignments
  - Art
    - Go to Art Google Classroom for assignments
- You CAN also work on (complete list in Advisory Google Classroom and log-ins included in folder)
  - SSAT
  - Khan Academy

**How will I be held accountable?**
- We will be monitoring your work from 9:00am-3:00pm, Monday-Friday on:
  - GoGuardian Teacher -- This shows us how you are spending your time and on what sites
  - Google Classroom -- We can see what work you have completed
- You will be graded as complete or incomplete -- NOT with letter grades
- If you haven’t been actively working, your advisor will call your parents to follow up!

**How can I get help?**
- Your teachers will be giving comments and feedback via Google Classroom
You can also reach out by:

- Commenting in Google Classroom
- Emailing your teacher to set up a Google Hangouts or Zoom (web conference site) call appointment

We know that you will do your best to continue learning during this time. We are here to support you however we can, and can’t wait to see you again!

Sincerely,

Your Esperanza Teachers and Advisors
